

Dynamic Sketch:

//mission statement: Our mission is to create an art application that makes the electronic drawing experience more realistic and stimulates the imagination. By encouraging diversity and inclusivity, it benefits the community with creativity from all. Our mission is to make drawing accessible, easy to learn, and collaborative— but faster.

- ★ Draw solo with cross progression
- ★ Draw with friends in real-time
- ★ Learn techniques with in-app tutorials
- ★ Experience less lag (uses 5G/fiber to decrease skipping in “brush” strokes)

Using 5G fiber, we are able to deliver users a fast and colorful experience.

Consumer Benefits: / Why Dynamic Sketch

Free:

- Draw solo with cross platform progress and cloud saving
- Draw with friends in dedicated channels
- Built-in recorded (*and* live!) tutorials

Premium:

- Drawing/Modeling with Virtual Reality— paid extension
- Highergi quality uploads/downloads

- Larger capacity dedicated channels for collaborating
- Offline mode– access tutorials and other tools offline
- More storage

Community:

//explain more about artists around the world, tutorials

Being on the go and wanting to bring your studio with you could be a hassle– but with the speed of 5G fiber internet, you could bring your studio anywhere you desire [at the touch of your fingertips].
